Essential information about the Audiovisual Industry in Croatia

THE CROATIAN AUDIOVISUAL CENTRE

The Croatian Audiovisual Centre (HAVC) is the Government-backed national agency responsible for supporting film production in Croatia. It aims to stimulate a successful, vibrant film industry, as well as to promote the widest possible enjoyment and understanding of audiovisual works throughout Croatia. As the main audiovisual agency in Croatia, we have the overall responsibility for the growth of the domestic audiovisual industry.

HAVC was founded in 2008. It is funded by the grant-in-aid from the Government and through contributions of the audiovisual media service providers.

Our remit ranges from supporting development, production, distribution, exhibition, marketing and promotion, to professional training and supporting national film archive through the system of public subsidies. HAVC also promotes Croatian films and co-productions at all major festivals and markets, as well as administering Croatian cash rebate scheme for film and TV production, aimed at encouraging inward investment.

FUNDING

The Centre's budget for programme activities in 2024 was about 15,6 million €, which includes funding for development and production support, as well as funding for other film related activities. Additional public support bodies in the country are City Offices for Culture in Zagreb, Rijeka and Split.

DEVELOPMENT

Development Fund supports both script and project development for feature-length films: fiction, documentaries and animation intended for theatrical release. There is also a Television Development Fund supporting development of quality television series.

PRODUCTION

FEATURE FILMS

We support the production of Croatian feature films and international feature film co-productions. We are currently operating two feature film support schemes: Feature Film Support Scheme and First Feature Film Support Scheme.

DOCUMENTARY FILMS

We support production of high-quality and distinctive documentary films, both feature-length and shorts, as well as documentary co-productions.

SHORT FILMS

Short films can help new filmmakers break into the mainstream. We are currently operating three separate short film support schemes: for fiction, animation and experimental shorts.

ANIMATED FILMS

Animation has a long and venerable tradition in Croatia, dating back to the mid 1950s and culminating in the work of the world-renowned Zagreb School of Animation in the 1960s and 1970s. Today, a new generation of Croatian animation talent has been reaping awards at home and abroad. We are currently operating two funding schemes for animation: feature-length animation scheme and animation shorts scheme.

CO-PRODUCTIONS

HAVC supports international feature film co-productions with minority Croatian participation: feature-length fiction, documentaries and animation, as well as fiction, animation and experimental shorts. The call for applications for this scheme is an open call with decisions taken on a quarterly basis.

Croatia is a signatory to the European Convention on Cinematographic Co-production, a member of Eurimages and a member of Creative Europe Programme / MEDIA sub-programme. Bilateral co-production agreements include Canada, France, Germany and Italy.

FILMING IN CROATIA

Production Incentive Programme

Croatia introduced Film Production Incentive in 2012. It is available to international and local filmmakers in the form of a rebate on qualifying Croatian spend. In 2018, cash rebate has been raised to 25%. Additional 5% has been approved for productions filming in regions with below average development. The rebate applies to feature films, documentaries, television drama and animation, and does not apply to commercials, reality, game shows and soaps.

The incentive is administered on a first come, first serve basis. The rebate is calculated on the total qualifying expenditure, without including value added tax. Qualified spend consists of the costs of goods and services purchased in Croatia and wages paid to Croatian tax residents (both cast and crew) for services carried out in Croatia.

The Creative Europe MEDIA Desk Croatia is a promotion and information office for the European Commission's Creative Europe Programme – MEDIA sub-programme, which offers a wide variety of funding for film and television, including gaming, from training, through development and distribution to markets, events, and festivals.

The Creative Europe MEDIA Desk Croatia is hosted by the Croatian Audiovisual Centre. It offers advice and answers enquiries from Croatian film and TV professionals, as well as game developers, explaining various funding strands and eligibility criteria.
