PRODUCTIONS SUPPORTED 2012 – 2014

Productions that benefited from the Croatian Incentive Programme, arranged by year of production.

As Croatia's national agency responsible for the audiovisual sector in the country, the Croatian Audiovisual Centre (HAVC) plays a dual role: it supports the industry by funding development and production through selective schemes, as well as promotes Croatia as a filming location for international productions.

Since 2012, Croatia has been offering a financial incentive for film and tv productions shooting in Croatia in the form of a 20% cash rebate. In the first three years since the incentive's introduction, a total of 17 film and tv productions benefited, coming from countries as varied as the US, the UK, France, Germany, Switzerland, the Netherlands, Finland, Denmark and Sweden.
