# Essential Information about the Audiovisual Industry in Croatia

## The Croatian Audiovisual Centre

The Croatian Audiovisual Centre is the Government-backed strategic agency for the audiovisual sector in Croatia. It aims to stimulate a successful, vibrant audiovisual industry as well as to promote the widest possible enjoyment and understanding of audiovisual works throughout Croatia. As a main audiovisual agency in Croatia, we have the overall responsibility for the growth of Croatia's audiovisual industry. Our remit ranges from supporting development, production, distribution, exhibition, marketing and promotion, to professional training and supporting national film archive through the system of public subsidies. The Centre also promotes Croatian films and co-productions at all major festivals and markets.

## Funding

The Croatian Audiovisual Centre (HAVC) is currently operating with the annual budget of around 10 million €. Additional public support bodies are City Office for Education, Culture and Sport – City of Zagreb which runs a regular yearly support scheme for shorts, documentaries and animation, and as of recently City Office for Culture – City of Rijeka.

## Co-productions

Croatia is a signatory to the European Convention on Cinematographic Co-production, a member of Eurimages and a member of MEDIA. Bilateral co-production agreements include Canada, France, Germany and Italy.

The Law on Audiovisual Activities is available for download on [www.havc.hr](http://www.havc.hr) (About Us)

## Distribution and Exhibition

Two major film distributors Blitz Film & Video and Continental Film dominate Croatian theatrical distribution market with a market share of almost 90%. The cinema attendance in 2010 has stayed at the same level as in the year 2009 - around 3,2 million admissions per year. Croatian cinema exhibition sector is marked by growing multiplexing: out of 117 commercial screens operating in 2010 in 71 commercial cinema sites, 35,8% were in the multiplexes (defined as 6+ screen venues), and the rest in miniplexes and/or single screen venues. Croatia has 8 digital screens, all of them 3D equipped and all of them situated in either multiplexes or miniplexes.

## Development

In 2010 we introduced a Development Fund aimed at supporting both script and project development for feature-length films: fiction, documentaries and animation intended for theatrical release. This was followed by a Television Development Fund aimed to support development of television series, serials and singles. The call for applications for development scheme is issued twice a year.

## Feature Films

We support the production of Croatian feature films and international feature film co-productions. We currently operate two feature film support schemes: Feature Film Support Scheme and First Feature Film Support Scheme. The public call for applications for Feature Film Support Scheme and First Feature Film Support Scheme is issued twice a year.

## Facts and Figures 2010

Film supporting institutions (public)	Croatian Audiovisual Centre (HAVC) City of Zagreb; City of Rijeka
Public funding available	6.8 million € (feature, documentary, short, experimental and animated films)
Average production budget	1 million €
Total feature films produced	8
Co-productions	4
Number of screens	117
Average ticket price	3,54 €
Market share of national films	0,8%
Tax incentives	No

### **Documentary Films**

We support production of high-quality and distinctive documentary filmmaking, both feature length and shorts, as well as documentary co-productions. The public call for applications is issued twice a year.

### **Short Films**

Short films can help new filmmakers break into the mainstream. We currently operate three separate short film support schemes: for *fiction*, *animation* and *experimental* shorts. The call for applications for all three schemes issued twice a year.

### **Animated Films**

Animation has a long and venerable tradition in Croatia, dating back to the mid 1950s and culminating in the work of the world-renowned Zagreb School of Animation in the 1960s and 1970s. After years of relative stagnation due to the war in Croatia and specific challenges facing a country undergoing transition to a market economy, things are looking up again. A new generation of Croatian animation talent has been reaping awards at home and abroad and, for the first time in many years, we have a feature-length animation film in distribution.

We currently operate two funding schemes for animation: feature-length animation scheme and animation shorts scheme. The call for applications for both schemes is issued twice a year.

### **International Co-productions with Minority Croatian Participation**

We support international feature film co-productions with minority Croatian participation: fiction, documentaries and animation. As of the end of 2010 we have introduced minority co-production funding also for short films - fiction, animation and experimental shorts. The call for applications for this scheme is an open call with decisions taken on a quarterly basis.

### **MEDIA Desk Croatia**

MEDIA Desk Croatia is a promotion and information office for the European Commission's MEDIA PROGRAMME which offers a wide variety of funding for film and television, from training through development and distribution to markets, events and festivals.

MEDIA Desk Croatia is hosted by the Croatian Audiovisual Centre. It offers advice and answers enquiries from Croatian film and TV professionals, explaining various funding strands and eligibility criteria.

For further information on the MEDIA Desk Croatia please contact the Head of MEDIA Desk Croatia, Ms. Martina Petrović at [martina.petrovic@mediadesk.hr](mailto:martina.petrovic@mediadesk.hr)
